I have been listening to this program on iTunes for about 2 years. It has helped me tremendously. There is always at least one gem in each program. When I am feeling down and disconnected, this program always helps me shift into a more connected space. Thank you Michele for your light and wisdom. I recommend this program to anyone that is seeking a "down-to-earth" connection with higher dimensional attunement. - WG Fan 2

I have been listening to Michele's podcasts since 2010 and at this point, it is truly something I look forward to every week! I connect with her voice and words on a soul level. I truly feel "better" after listening to her shows. The wisdom I have gained is incredible and I feel so blessed to have found her! Love & Light - DTCAllison
